Local presence

Listings and review monitoring so customers find the right information about your shop.

Targeted growth

Local advertising built around your services, area and goals. Search and social campaigns are agreed with MRM&P — never automatic purchases.

A brief that keeps the context

Capture your audience, goals, timing and budget notes with Tyra. Submit the saved request — no starting over in another conversation.

Review before release

Track requests and each delivery version. Ask for changes or accept. Launches, publishing and ad spend need separate approval.

ACME DEMONSTRATION · SCOPE AND PRICING BY PROPOSAL

Marketing is delivered by MRM&P, not autonomous campaign software. Packages, deliverables, fees and any separate media budget are confirmed in a proposal. No ranking, lead volume or revenue result is guaranteed.
